What our students are saying...

"An amazing amount of hands-on instruction in techniques, color theory, perspective and more. The sand castle building class last year was so much fun! Don't miss it!"
Debbie Chaffin – Port Aransas, TX

"This will be my 11th year painting in Port Aransas. I started very much a beginner and am now painting portraits all because of Roberts excellent teaching method. This workshop offers great value for your money. No matter your painting level, you will enjoy the lessons and the beautiful beach. It's a celebration of art, fun, and friendship."
Bonnie Binzer – North Richland Hills

"Painting in Port Aransas for a week is the highlight of my year! The personal attention and encouragement to improve my painting skills inspires me to try new things. I can see my skill improve from one painting to the next. Thank you for a wonderful week painting, fun on the beach, and great company. I am counting down the days until next year."
Linda Comito – Heartland, TX

"This is a trip I look forward to each year. Staying in a lovely condo on the beach and painting beautiful scenes from the area. I learn so much from the Garden's instruction with personalized coaching and end up with paintings I love to hang in my home or give to friends and family. Throw in fabulous food, fishing and shopping and you have a vacation get away with great folks."
Kathryn Lancaster – Grand Prairie, TX
